IN RE: MANNING MUNICIPAL COMMUNICATION AND TELEVISION SYSTEM UTILITY	DOCKET NOS. TCU-99-8 TF-99-331
	CERTIFICATE NO. 0205

CERTIFICATE

(Issued January 7, 2000)

On March 25, 1999, the City of Manning, Iowa, Municipal Communication And Television System Utility (Manning Utility) filed with the Utilities Board (Board) an application for certificate of public convenience and necessity to provide resold and facilities-based local exchange service in the Manning exchange. On May 21, 1999, Manning Utility filed a statement in support of its application, concurring in the GTE Midwest Incorporated exchange map for the Manning exchange and agreeing to employ 2-PIC methodology for dialing parity.

On June 22, 1999, the Board granted the application filed by Manning Utility, subject to the requirement that Manning Utility file proposed tariffs with the Board and give notice of filing to all affected local exchange carriers.

On December 2, 1999, Manning Utility filed a proposed tariff with the Board and provided notice of the filing to affected local exchange carriers. The Board has reviewed the tariff and finds it substantially complies with Board rules concerning

tariffs. Accordingly, and pursuant to the Board's order of June 22, 1999, in Docket No. TCU-99-8, this certificate is issued to Manning Utility.

IT IS THEREFORE ORDERED:

This certificate of public convenience and necessity, issued pursuant to IOWA CODE § 476.29(1) (1999), authorizes Manning Municipal Communication And Television System Utility to furnish local telephone service in the Manning Exchange as described in its tariff, TF-99-331, approved to be effective on the date of issuance of this certificate.
